How we obtain your personal data

Information provided by you

You provide us with personal data either on your dental plan registration form, via an online application or over the telephone. This includes name, address, date of birth, email address and Direct Debit mandate instructions. We may also keep information contained in any correspondence you may have with us by post or by email. We also record telephone conversations.

We may obtain sensitive medical information directly from you or your dental practice in relation to the assessment of dental accident and emergency insurance claims or requests for assistance made to the Scheme. The provision of this information is subject to you giving us express consent. If we do not receive this consent from you, then we may be unable to consider insurance claims or requests for assistance made to the Scheme. The provision of this personal data is essential for us to be able to collect payments for your dental plan and to administer your plan, including verifying your identity when you contact us to discuss your plan. How we use your personal data

We use your personal data to manage and administer your dental plan as a processor for your dental practice. We also act as controller and processor in regard to the processing of your Direct Debit instructions and in regard to the assessment of accident and emergency insurance claims or requests for assistance made to the Scheme, if applicable. We undertake at all times to protect your personal data, including any health and financial details, in a manner which is consistent with your dental practitioner's duty of professional confidence and the requirements of the General Data Protection Regulation (GDPR) concerning data protection. We will also take reasonable security measures to protect your personal data in storage.

Do we use your personal data for marketing purposes?
